

TUESDAY, OCTOBER 2, 1888.

## THE CARSON LAND OFFICE.

The JOURNAL can only speculate as to the cause which has led to the abolishment of the U. S. land office at Carson, and the transfer of its business and archives to the Eureka office. Senator Jones was never consulted on the subject, and except to affix his signature to the decree, the President evidently knew nothing concerning the facts. He simply made legal the action of the Commissioner of the General Land Office, who has charge of all land offices, and who undoubtedly, simply, properly desired to reduce expenses in his department wherever practicable, and knowing that the government was doing but little land business, concluded that one office would satisfy the demands of the public, and being in possession of facts not possessed by any other person, his judgment dictated the removal to Eureka. We hardly believe that even Congressman Cassidy had anything to do with the change. It is the fact that so far as the Government is concerned there cannot be many in the Western, or for that matter the Eastern, part of the State who have not secured title to their lands. The Government has never sold much land in Nevada. The State has the cream of that business. Its land laws are very liberal, so much so that a vast majority prefer to buy direct from the State, taking a large or small tract as the case may be, paying cash down or on the installment plan, rather than endure the vexations and annoyances, in comparison, of either the Government homestead or preemption method. Even if the Government owns the land, the would be purchaser make application to the State Surveyor General, and that official immediately proceeds to select and list the tract from the United States, for the State, by favor of its privileges under the 2,000,000 acre grant, and getting title then sells to the applicant. This is the existing condition of affairs and consequently the State is selling from \$7,000 to \$10,000 worth of land every month for the benefit of its School Fund, while the United States is not doing "a land office business." But while this is so the mining interests of the Western portion of the State will be greatly inconvenienced by the discontinuance of the office in this section, as applicants for patents, etc., will be compelled to transact their business at Eureka, making it more expensive and decidedly inconvenient. In justice to all concerned it would seem that if one or the other of the offices must go it should be the Eureka office instead of the Carson, principally for the reason that in the very order of things the people of the Eastern section are necessarily brought to the Western at times, while Western people going to the Eastern part must go because they have to go. Commissioner McFarland can have no other motive than the public good, and if he has erred will certainly rectify the mistake when it is made apparent to him.

## Home Industry.

The Eureka Leader says the flour manufactured in Humboldt county is as good, or even better, than the California flour and is cheaper. By using Nevada flour everybody is benefited, for it is not only patronizing a home industry but keeps the money in the country. What is true in this respect at Eureka, is equally true in the western part State.

At \$18,000 per mile the assessment of the Central Pacific is from 25 to 50 per cent lower in Washoe than in any other county at \$10,000 or \$12,000, by reason of Washoe's rate being so much less than that of the others, the total State and county being but \$1 80 on each \$100, of which 90 cents is for the State and 90 for the county. The curiosity will be presented next year of the State being 90 cents while for the county the rate in Washoe will not exceed 70 cents.

Nevada is a Republican State, and the JOURNAL again repeats, is certain for the Republican ticket in 1894. There will be no foolishness next year. Every Republican must do his duty.

By reason of having an asylum Nevada is saving \$20,000 per year. In 1885 the saving will not be less than \$30,000.

With this issue the JOURNAL enters upon Volume XX.

## LET THE PEOPLE DECIDE.

The Eureka Sentinel (Democratic) asserts that the candidacy of either Mackay or Sharon crowds Senator Jones out of the Senatorial fight, arguing that they have oceans of money, while Jones is comparatively a poor man. Neither of these gentlemen have any idea, in our opinion, of being candidates for the Senate, but if they have, and the proposition is to be a monied one, it may be just as well to state now that Senator Jones will not be driven out of it on any such basis, but will go before the people, and once, for all, test the question whether they can be bought and sold like sheep. The JOURNAL does not believe that the voters of Nevada are as corrupt as they are represented to be by some, and if the very worst assertions could be substantiated, the chances are that ten dollars of Jones' money would go as far as one hundred of some other man. But Mr. Jones does not intend to make a "monied" fight. He could not, if he wished, for his millions have gone from him. True he expended a quarter of a million when he was first elected, but the expenditure of this vast sum was caused for the reason that he had opposed to him the Bank of California, the Central Pacific Railroad, the Virginia and Truckee Railroad, and every one of the other prominent corporations and monied powers of the State. Having been extraordinarily fortunate in Crown Point, he determined to carry the people with him, at his own expense, and not be crushed to death by the corporations and Bank crowd. Although large sums had been distributed in previous campaigns the so-called Jones fight was conducted on such a liberal scale that it stood out in bold relief. Nye and the corporations went to the wall. Sharon forced his way in two years later on much the same principle. Jones' first six years of official life were extravagant, and at the end of his term, he was "broke." But he stood for re-election, and was sent back to Washington. Two years later Sharon wanted to be, but Mr. Fair hove in sight and with his \$350,000 "sack" succeeded in winning the golden prize and carrying the State for Hancock and English, Cassidy, and all the other boys. Jones' second term is about to expire and the coming election will decide whether he shall continue to be the Senator from Nevada, or whether the State shall again be wrested from the Republicans. Mr. Jones will, we presume, manage to contribute his share for legitimate campaign purposes, but he will not do any more. If his record as a Senator is not completely satisfactory to the people he does not want to be re-elected. If the people desire some new man Mr. Jones will cheerfully decline to allow his name to be used, and at the same time heartily join in any movement calculated to redound to the credit of the Republican party, and for the good of Nevada and its interests. But no monied man or power can prevent Mr. Jones from ascertaining the people's wishes, and the JOURNAL can safely promise that a "bluff" of such a character will put Jones and his friends to their "speed," and in such a contingency the fires of Republicanism will blaze from every hill top and in every valley during the campaign of '94, and if it shall be adverse to him there will not be one of the Six Hundred left to tell the tale. There shall be no more Low Drexler tricks in Washoe, at any rate. Mr. Jones has been an honest and intelligent representative. No scandal attaches to his public or private life. Himself and family have been a credit to us at Washington as well as at home. His ability and influence are felt wherever he may be, and Nevada has no citizen who better deserves the encomium of "well done thou good and faithful servant."

It has been shown by Prof. Loomis that more rain falls on the eastern than in the same latitude on the western side of continents. This is true everywhere except in the higher latitudes. Thus the average rainfall at San Francisco is only from a half to a third as great in quantity as in the east of Pennsylvania; and the same and even more striking difference may be found by comparing Morocco with the Chinese coast, and the west with the east coasts of South Africa, Australia and South America.

## Invigorating Food

For the brain and nerve is what we need in these days of rush and worry. Parker's Ginger Tonic restores the vital energies and brings good health and joyous spirits quicker than anything you can use.

Faded hair recovers its youthful color and soft, silky texture by the use of Parker's Hair Balsam.

## STATE TAXATION.

The statement was made before the Washoe Board of Equalization the other day that the gloomy outlook warranted the belief that the State rate of taxation would have to be increased from 90 cents to \$1 or \$1 25. The JOURNAL emphatically dissents, and unhesitatingly predicts that the present rate will not be increased, but that on the contrary the next Legislature ought to reduce it from 90 to 75 cents. Any rate in excess of that sum will be an outrage and an imposition upon the people. Instead of fixing it at 90 the last Legislature ought to have placed it at 75, a sum entirely sufficient to meet the ordinary current expenses of the State Government, a fact which will be evident when the condition of the Treasury is made known Dec. 31, 1894. Taxpayers must remember that the State is being conducted on a more economical basis than ever before in its history, and that the retrenchment and reform measures of the Republicans of the Legislatures of 1879-81 are bearing fruit. The new order of things went into effect January 1st of this very year, and instead of the session of the Legislature costing from \$75,000 to \$90,000, it did not cost but \$53,000, a reduction of at least \$20,000. State officers and deputies are not now receiving within \$20,000 per year of what was formerly paid. The public charities will not cost by \$20,000 the sum heretofore paid out for such purposes. There is a fair reduction all along the line, and the State Government is far from being as expensive as in olden times. The day will never come when the assessable value of the real and personal property of the State will be less than \$25,000,000. The roll for this year will be nearer \$30,000,000, and if the actual cash value was given the figures would be \$75,000,000. There will always be from \$5,000,000 to \$10,000,000 from the net proceeds of the mines for revenue, while the receipts from poll taxes and miscellaneous sources are certain to be respectable amounts. With a roll of only \$25,000,000 a 75 cent rate will yield \$187,500. The receipts from other sources will swell the amount to \$225,000, and whenever the expenses exceed this sum the pruning knife ought again to be applied. The truth is that \$200,000 is ample to maintain the State Government, and we do not believe that that sum will be exceeded from this time on.

## Nevada Farming.

The Genoa Courier in pointing out the necessity of a flouring mill in Carson Valley has the following to say about farming which is as applicable here as elsewhere. It says: "A great many of our farmers in Carson Valley, have raised wheat this year, as a sort of an experiment, as most of them have a great deal of their last year's crop of barley and oats left over, for which there seems to be no market, at any price. Those who have raised good wheat this year, can now sell it all, delivered at Carson, for two cents per pound, to H. H. Beck, of the Reno flouring mills, and they will receive cash down upon its delivery. While a great many of our farmers have raised wheat, a great many have also raised nothing but barley and oats, which the most of them will have to dispose of—that is if they dispose of it at all—at about \$1 75 and \$1 90 per hundred pounds, and then most of it will have to be hauled as far as Virginia City and other remote points, and the chances are then they have to wait for the money for their grain. Some of our farmers have got three cents per pound for grain delivered in Bodie, but the expenses in this direction do away with a large share of the profits." It further thinks that "if milling facilities were established at home farmers would quit raising so much stock-food and turn their attention to the raising of human food, in the shape of wheat, that can be turned into flour, the staple food of all civilized nations, and for which there is a steady demand both home and abroad. And also, it would be patrolling home industries, and keeping the money nearer home, for, making a rough estimate of things, here are not ten of our farmers in the valley that raise their own flour, but buy it elsewhere. All should take under consideration the fact that home consumption is no small item itself, and also the fact that keeping the money at home, is something that should be looked to. It is plain to be seen that our farmers will have to turn their attention to the raising of something besides barley and oats."

Misery is a mild word to describe the mischief to body and mind caused by habitual constipation. The regular use of Ayer's Cathartic Pills, in mild doses will restore the torpid viscera to healthy activity. Try them and be cured.

## YOUTHFUL INDULGENCE

In Pernicious Practices pursued in Solitude, is a most startling cause of Nervous and General Debility, Lack of Self-confidence and Will Power, Impaired Memory, Despondency, and other attendants of wrecked manhood. Sufferers should address, with three letter postage stamps, for large illustrated treatise, pointing out unflinching means of perfect cure, World's Dispensary Medical Association, Buffalo, N. Y.

**A Chicago Merchant's Experience.**  
After I had become almost skin and bone, with neither strength, appetite nor ambition left, and the doctors couldn't help me, two bottles of Parker's Ginger Tonic cured me completely. M. B. Westcott, Lamp Mfr, Chicago.

The most healthy and popular drink of the season is the ice cold soda water sparkling with purest gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.

## A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

## Ayer's Sarsaparilla.

The following letter from one of our best known Massachusetts Druggists should be of interest to every sufferer:—

**RHEUMATISM.** "Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your Sarsaparilla, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."  
E. F. HARRIS.  
River St., Buckland, Mass., May 13, 1882.

**SALT RHEUM.** GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

PREPARED BY  
**Dr. J. C. Ayer & Co., Lowell, Mass.**  
Sold by all Druggists; \$1, six bottles for \$5.

## Certain Shams.

Swindlers and Their Victims—  
How Careless People Suffer  
in Health and Pocket.

Every streak of sunshine creates a shadow, and behind every truth crones its corresponding lie. Whosoever has not been in some way fooled and robbed by swindlers and their works has had better luck in life than most mortals. In fact the best witnesses to the value of a given article are the counterfeits and imitations which seek to share its success without possessing a fraction of its merit. Hence it goes without saying that BENSON'S CAPSINE POROUS PLASTERS are pursued by a host of miserable and worthless imitations, eager to appropriate what they can of the fruits of its victories. These leeches commonly take the form of a cheap plaster. Now, these harmless and worthless plasters would be detected in a minute if people were careful in reading and remembering names. But most persons merely glance at them, understand partially and forget instantly. What result? This. Desiring to buy BENSON'S CAPSINE PLASTER, their own carelessness enables some storekeeper or druggist, who cares more for five or ten cents additional profit than for the sweets of an approving conscience, to roll them up instead some cheap imitation with a similar name. The deceit often works, while the fraudulent plasterers never do. Don't permit yourself to be thus victimized for lack of a moment's care. BENSON'S CAPSINE PLASTERS have stood the test of science and experience, and are the product of both. Examine the e-tide, and satisfy yourself that the word CAPSINE is cur in it. Seabury & Johnson, Pharmaceutical Chemists, New York. Highest awards—medals—at International Expositions.

## IN AND OUT OF TOWN.

## What is Being Said and Done in a Small Way.

W. S. Baily was in town yesterday.

Mrs. R. M. Clarke is visiting Reno friends.

The county treasury contains \$9,025 03.

The Quincy horses are coming to our races.

Gov. Kinkead came down from Carson last evening.

Willie Walrod, who left Reno for Denver last Spring, is attending College at Paola, Kansas.

Ed. Brown, of the Columbus Box Works, passed through Reno en route to California on Sunday.

Supt. Melville Curtis, of the Manhattan Mining Co., was in town last evening en route to the Bay.

Hennsey, the murderer of Mrs. Follows in San Francisco, has been sentenced to the State Prison for life.

Parties are at work excavating for the new brick building on the corner of Sierra and Commercial Row.

Mrs. W. H. Westfall, who has been visiting friends in Reno for several days, left yesterday morning for Oakland.

Mrs. J. P. Jones, and her two children, of Gold Hill, were passengers for the Bay yesterday morning.

Pete Evans has resumed his old position of Collector for the Reno Water Co. The General is going over to his mine.

During the quarter ending Sept. 30th, the disbursements of the county were \$16,372 53 and its receipts \$10,840 20.

Bob Harrison and Roger Brunnick have gone to Seattle, Washington Territory. They started overland Sunday morning.

In the Justice Court yesterday Thomas Renner and Charles Smith were sent to jail ten days for disturbing the peace.

John Richardson has leased the old Arcade, next to the Palace restaurant, and will move his saloon into the building sometime this week.

A fire at Susanville last Saturday night destroyed all the buildings of the Racetrack Association. Loss \$8,000; insurance \$1,000; incendiary.

Washoe county owes \$10,000 on the Reno bridge, and \$2,000 on the Wadsworth bridge. On January 1st two \$1,000 bonds will be redeemed.

Miss Mary Wilson, daughter of the late W. F. Wilson, the once famous Carson stage man, was married a few days ago to H. M. Stephens, of Carson.

Capt. Thrasher, an Inspector of the Internal Revenue Department, accompanied Collector Frost to Virginia yesterday. He is on his way to Bodie.

For the month of September the Sheriff returned fees of \$110 15, Recorder \$103 75, Clerk \$252 80, which shows that the county's business is also dull.

The owners of the Day mine, at Pioche, are selling their waste dump at \$3 a ton to a smelting company at Bullionville, where it is used as a flux for smelting tailings.

Indian Bob was arrested Sunday for building a fire within the city limits. The Judge exacted a promise that he would do so no more and allowed him to go.

M. C. Lake returned from the Bay Sunday morning, and has been shaking hands ever since. He says Mrs. Lake is still a very sick woman, but gradually improving.

Mrs. McGregor, wife of Captain McGregor, who is in command of a company of troops en route from Walla Walla to Fort Bidwell, in company with Lieutenant Scott, passed through Reno Sunday on her way to Bidwell.

## WADSWORTH NEWS.

## Some Interesting Observations From "Dough."

WADSWORTH, Oct. 1, 1883.

EDITOR NEVADA STATE JOURNAL: In this end of the county, fans, parasols, tan powder, linen dusters and donkey lunches (straw hats) are about to be abandoned and Old Sol has reduced his Summer furnace to a pleasant Autumnal temperature. Our mornings and evenings are beginning to feel as if Winter contemplated paying us his annual visit in the near future to remain until usurped by the genial smiles of Spring.

Since we sent you our last quite a change has taken place in our little burg—for the worse, as a portion of it has been reduced to ashes. On the night of the 24th inst. the whole of Chinatown was entirely obliterated, much to the chagrin of its denizens; but were it not for the loss sustained by a few industrious white citizens, that fire was a blessing; for it has purified Wadsworth of a cess pool of the most fetid character.

On the night of the conflagration, while our Deputy Sheriff was engaged battling with the fire fiend, two tramps and a Chinaman, who were inmates of our "town jug," awaiting trial for misdemeanor, made good their escape by breaking the lock on the door, and the supposition is that they were aided by outsiders to gain their liberty. They were discovered while attempting to force the door by Mr. Dodge, Bridge Watchman for the C. P., but ere he had time to communicate the intelligence to our Deputy Sheriff they managed to dodge him and make good their exit; and our crest-fallen Sheriff may be seen at any time, gazing Westward, with a latent volcano in one eye, forked lightning in the other, and a Gatling gun strapped on his back. He still cherishes the hope that he will yet find them and he informed your correspondent that he would recognize them under any disguise, as one of the tramps is an American citizen, the other a "Demkrat," and Hop Wah Loo Sing, a Greenbacker.

Our local Minister delivered a very impressive and eloquent sermon last Sabbath evening to a very fair audience, his subject being: "Temperance," and listened to with marked attention as he graphically portrayed the advantages a young man has who retires for the night on a quart of water over the individual who requires a "night-cap" to insure sleep. At the close of his address he offered up a fervent prayer for the sin bound stiff and walking demitjohns of Wadsworth, but we fear that the only way to convert some of them would be to load an Armstrong gun with Bibles, and blow salvation through them.

The case of the people vs. Fred Gladding resulted in a verdict of "Not Guilty" after passing through the ordeal of two trials, much to the disgust of Stephens, the complaining witness, who appears as solemn as if he had swallowed a box car load of Lydia E. Pinkham's female pills by mistake.

Fishermen are flocking into town from every quarter of the State and many of them are preparing their instruments of torture for the Winter's campaign on the residents of Truckee River.

Mosquitoes have gone West to attend a camp meeting, and our local bald heads are enjoying a season of repose. "The equinoctial gales are upon us, blowing underwear from clothes lines regardlless of sex or 'polyticks,' and unless in dictations fail, we will have a spell of change-my-socks weather.

And now comes the blood curdling, soul shivering, corset "busting" intelligence from the city of calico-embroidered "mashers" (Trisco) that Mr. John Richards, an old Wadsworthite and well known.

In the days of old; the days of gold; The days of 49,

has "jined" blankets with a \$10,000 poultrie and a charming widow thrown in. Oh, shades of a linen duster! Who'd a thunk it. May happiness be thine oh venerable chum! and as you tread with right regal dignity the gilded avenue of matrimonial park, we old bachelors of Wadsworth (destined to be borne to our graves like worn out mules, without pride of ancestry or hope of posterity) will raise our voices in unison and sing: "Oh what shall the harvest be?"

DASH.

## The Revenue Change.

Collector A. L. Frost, of Sacramento, came up yesterday morning and assumed charge of the Nevada division. He retained Capt. Lord as Deputy of this end of the State, and J. E. Jones, of Eureka, as Deputy for the Great East. Capt. Mathewson is out in the cold.

M. Nathan, the popular clothier, returned from San Francisco yesterday morning, and has brayed all the renowned unpacking his new stock of goods. Judging from the number of boxes piled up in front of his store he will open up with a big stock. Nathan is one of the old reliable, and sells as cheap as anybody.

## HOW THEY TRAVEL.

## The Way a News Item is Tortured and Changed in Going the Rounds of the Press.

Some years ago the New York Herald published a telegram stating that "a courier has just reached Cape Town bringing news from Stanley, who has devoted the Summer to explorations in the jungles of South Africa." The news editor was astonished in a few weeks to have the item come back to him through an exchange in this shape; "News has just reached Cape Town that Stanley, the explorer, died this Summer in the jungles of South Africa." Blunders of this kind, some as serious as others are ludicrous, are of daily occurrence, and are regarded by newspaper men as one of the curiosities of journalism. An instance of this character, of local interest, is worthy of mention. Some weeks ago the JOURNAL contained the following item:

Hon. T. K. Hymers and Dusang chartered a team yesterday and started for the hills to hunt sage-hens. They returned at a rather late hour with a pretty fair load of game—sage-hens, they said—but that some poor farmer will awake this morning to find his chickens short is morally certain. The spring chicken given to the reporter as a bribe to keep still is a beauty.

It seems incredible that anyone could mistake the spirit and intent of that squib. At the time, no one more heartily enjoyed the joke than the hunters themselves; but presto! through the journalistic eccentricities before mentioned the subject has assumed a more serious shape, and is no longer a laughing matter. An exchange published in southern California tells its readers that:

"T. K. Hymers, a leading citizen of Reno, Nevada, while out hunting mistook a farmer's chickens for sage-hens and was arrested on a charge of malicious mischief, and narrowly escaped a term in the county jail."

An Arizona paper, the editor of which was evidently at one time a resident of Nevada, puts it thus:

It will provoke a smile on the face of every old Nevada to learn that old Baldy Hymers was arrested at Reno a few days ago, for slaughtering a farmer's chickens, which he claimed to have mistaken for sage-hens.

As the news traveled East it seems to have assumed a more serious face. A Colorado paper, under the head of "Another worthy in trouble," says:

"Thomas K. Hymers, a Deacon in the Methodist Church, and one of the society leaders in the town of Reno, Nevada, is under arrest for unlawfully appropriating his neighbor's chickens."

Still further along an Illinois editor, in warning his readers of the evils of intemperance, cites the case of:

"A worthy christian gentleman at Reno, Nevada, quite recently, in an evil moment partook too freely of alcoholic stimulants, and while under its baneful influence was caught in the act of carrying off a neighbor's chickens, and for the offense was tried and convicted of petit larceny."

But the very worst of all comes from the land of music and baked beans. A Boston editor is horrified to learn that:

"The Rev. T. K. Hymers is serving out a term in the county jail at Reno, Nevada, for robbing a hen roost."

## Worse Scared than Hurt.

Uncle N. J. Roff, Janitor for the public school buildings, is perhaps a little grayer this morning than usual. Last Saturday he drew from the Treasurer the money to pay the teachers for the month. He was on his way to the school house with the sack, where the Superintendent and Trustees were in waiting to pay it out, and had just turned into Sierra street when an unseen hand suddenly snatched the sack away from him. The most vigorous and lively movements the old gentleman has made since the days of his childhood occurred at that moment. Had the face of a stranger appeared within reaching distance just then he would have been given a warm reception, but as it happened it was J. L. McFarlin, who stood ready to surrender the sack and ask for quarter.

## The New Reservoir.

The Water Company will next week commence the construction of a new reservoir near the old one, from which water that supplies the town will be taken. It will be thoroughly rooked on the side, and bottom, and a constant stream of water allowed to flow in and out. With this improvement the water that supplies the town in future, cannot be otherwise than pure.

## For New York.

Geo. W. Conkling, Jr. leaves for New York this morning to stand for trial for the killing of Haverstick. His Reno friends wish him a pleasant journey, speedy dismissal of the case, and safe return.

## County Commissioners.

The Board of County Commissioners met in regular session yesterday after transacting some business as an adjourned Board of Equalization. M. C. Lake and B. F. Loete appeared and asked that some reduction be made in the assessed valuation of their property. The application was denied. After allowing the following bills the Board adjourned until this morning.

Nasby's Bazaar, supplies	5 75

Wm. Merrill, road work	21 50

## Passed Over Peacefully.

C. B. McClellan has joined the ranks of the majority. He was found dead in his bed at about 9 o'clock yesterday morning. He has been in poor health for months, and was taken worse on Saturday, and did not leave his room Sunday. About 4 o'clock yesterday morning he left his room and went into Chase & Thyes' saloon and obtained a drink of water. He was invited by Charley Chase to take something stronger, but refused, saying that the doctor had forbid it. Mr. Chase then offered to take a pitcher of water and assist him back to his room, but he declined the offer, saying he could get back all right and that he had all he wanted. As he went out of the door he cautioned Chase not to tell the doctor that he was out. This was the last seen of him until he was discovered in his bed cold in death. His body was taken in charge by Undertaker Sanders, and Coroner Dickens will hold an inquest on the body to-day. Although his death was sudden there is but little doubt that he died from natural causes.

## The Combs Trial.

All the evidence in the Combs trial was in at noon yesterday and at 2 o'clock District Attorney Alexander commenced his argument to the jury on behalf of the State. The attorneys will alternate in their speeches and the case will be closed by General Clark. The case will reach the jury sometime this afternoon.

## Jewish New Year.

Our Jewish fellow citizens are celebrating the Hebrew New Year which lasts for two days. Some of the less ardent, however, will open their places of business this morning and others will remain closed until 5 o'clock to-morrow evening.

## Take Your Partners.

The intention is to have a grand ball in the Pavilion on the evening of the day of the ladies' tournament during the week of the races.

## A County State Prison.

There are seventeen prisoners in the county jail. On Sunday last there were twenty. Is there anything rotten in Denmark?

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw-1yr

Butler has been re-nominated for Governor of Massachusetts by both Greenbackers and Democrats, and it will be a "cold day" when old Ben gets off.
